Content of the report

The Management Board of Dębica S.A. Tire Company (hereinafter: the “Company”) hereby discloses to the public preliminary selected results for the nine months ended September 30, 2025:

- **Net revenue from sales of products and goods:** PLN 2,249,840 thousand
- **Net profit:** PLN 123,228 thousand

The results for the nine months of 2025 reflect higher pricing applied in transactions with related parties, and the restoration of production capacity following the fire that occurred in August 2023, as previously reported in current reports No. 28/2024, 2/2025, and in the 2024 financial statements.

In the opinion of the Management Board, the results for the nine months of 2025 should not be considered as guidance or forecasts for the Company’s performance in subsequent periods, given that business conditions remain unstable. At the same time, the Company notes that the above figures are estimates obtained during the preparation of the condensed financial statements for the nine months of 2025 and may be subject to change.

The final results will be disclosed in the periodic report for the nine months of 2025, scheduled for publication on **21 November 2025**.
