**RB 24/2023**

**POLISH FINANCIAL SUPERVISION AUTHORITY**

**Current report** no 24/2023

**Date:** 2023-08-21

**Short issuer name:** DEBICA

**Subject:** Preliminary information on the impacts caused by a fire

**Legal basis:** Article 17(1) of MAR - inside information

In connection with the fire that broke out on August 20, 2023, at night, at the company's factory in Dębica which was contained in the early hours of August 21, 2023, the Management Board of Tire Company Dębica S.A. informs that:

- following a preliminary stoppage in the production of consumer tires, the production has resumed today and was estimated today to be 30% of the original production capacity,
- as from 22 August 2023 onwards, the estimated consumer tire production capacity is expected to resume to approximately 55% of the original production capacity.

Timing to resume to normal operations and estimation of losses are not yet known.

At the same time, we would like to inform you that the production of truck tires is proceeding smoothly.
